TERMS / DEFINITIONS

WALL & CEILING PREP LEVELS

- LEVEL 1/Standard Prep:
- Cleaning of surfaces (wiping off excessive dust), to create optimal adhesion
 - Filling and sanding of any minor knicks, gouges, cracks, or other noticeable imperfections that are smaller than a quarter and bigger than pin head. (example: nail holes, minor scratches from hands/paws)
 - Spot-priming of drywall patches
 - Utilizing drop cloths, plastic, and/or paper to cover all necessary areas
 - Removal of Outlet and lightswitch covers

- LEVEL 2:
- Standard Prep Included
 - Filling & sanding of larger holes (sizes ranging from a quarter dollar to a baseball), excessive scratch marks

- LEVEL 3:
- Standard Prep & Level 2 Prep Included
 - Minor skim coating and sanding of uneven areas or uneven profiles

TRIMWORK PREP LEVELS

- LEVEL 1/Standard Prep:
- Filling/sanding minor imperfections with woodfiller, or wood putty to improve asthetic visibility. The texture of the current substrate will not vary much
 - Caulking open cracks where work is being done, with the excpetion of when staining and/or varnishing. These cracks will most-likely not be flush with the substrate. The purpose is to fill gaps.
 - Spot-priming any bare wood areas
 - Utilizing drop cloths, plastic, and/or paper to cover all necessary areas

- LEVEL 2:
- Standard Prep Included

- Filling minor holes and imperfections with wood filler or wood bondo to create a flush profile with the substrate
- Light sanding to all trimwork to create a uniform texture (however, the build-up of previous paint creates ridges too thick to make the profile uniformly smooth, in which case, you will still see the profile of where the old paint meets bare wood or less paint, but the overall texture should be uniform)

LEVEL 3:

- Standard Prep & Level 2 Prep Included
- Power sanding the trim to create a uniform profile if needed
- Using bondo to fill minor imperfections - imperfections should end up almost invisible
- Using Bondo to skim over larger profile differences to create a uniform and smooth profile

CABINET PREP LEVELS

LEVEL 1:

- Light sanding to support sufficient adhesion (Wood grains will still be visible)
- Spot prime water stains and bare areas
- Top coat can be brush & rolled
- Appearance of the top coat takes on the profile of the previous application
- Utilizing drop cloths, plastic, and/or paper to cover all necessary areas

LEVEL 2:

- Light sanding to support sufficient adhesion (Wood grains will still be visible)
- Full prime included
- Top coat is Sprayed
- Appearance of the top coat takes on the profile of the previous application
- Filling the most major holes (5-7 imperfections larger than a quarter)

LEVEL 3:

- Includes finish level 2
- Filling minor holes and imperfections with Bondo to create as flush a profile as possible
- Hiding the wood grains via power sanding or grain filler like bondo or wood filler.

THIS AGREEMENT FOR PAINTING SERVICES is made by and between the Customer And Contractor named below.

1. Definitions: As used in this agreement, the following terms have the following meaning: "Contractor" means Pearl Painting. "Customer", "You" or "Your" all mean the owner of the property or the person who signs this contract. "Proposal" means the proposal submitted to the Customer by the Contractor which describes the painting work the Contractor agrees to perform and the estimated cost to the Customer for performing the work specified in the Proposal. "Painting Services", "Services" or "Work" all mean the work described in the Proposal which the Contractor has agreed to perform for the Customer.

2. Services Provided By The Contractor: The Contractor hereby agrees to furnish the labor, materials and supplies necessary to perform the Painting Services described in the Proposal in accordance with the terms and conditions contained in this Agreement and the Customer agrees to pay the Contractor the Agreement Price for the Painting Services in accordance with the Payment Schedule set forth in Section 8 of this Agreement. The Customer authorizes thor to use photographs taken at the jobsite for promotion.

3. Changes In The Services: Any changes to the Services described in the Proposal must be in writing and signed by both the Customer and the Contractor. You understand and agree that if You request any changes to the Services, you may incur additional charges and that the completion of the work may be delayed beyond the anticipated completion date.

4. Client Responsibilities: If your home is to be pressure washed there must be an accessible water spigot turned on with a minimum 2 days' notice given. Failure to have the water turned on and accessible will result in a rescheduling fee of \$75. We also require a working outlet be accessible, if no exterior outlet is functional we require an extension cord to be run out from the garage or interior of home. If doors are included in the proposal we will require them to be opened at the time of painting. If doors cannot be opened contractor will leave the paint and a reschedule is available for \$75.

5. Insurance: The Contractor will have in force general liability insurance with policy limits of not less than \$2MM. The Contractor will also cause each painter performing Services to be insured under workers' compensation policy as required by applicable law.

6. Warranty: Typical Interior and Exterior Painting Services performed by the Contractor under this Agreement will be covered by a limited warranty in the duration of: 1 year for horizontal trafficked areas such as decks, step treads, and patios, 3 years for commercial and residential projects. All warranties begin coverage from the date of completion of the original project. A claimed warranty does not abrogate the warranty and it will remain in force for the duration of the warranty period. A claimed warranty does not begin a new warranty timeline.

7. Matters Beyond The Contractor's Control: You and the Contractor agree that if the Contractor is unable to complete the Work by the Completion Date because of reasons that were not caused by the Contractor or because of events beyond the Contractor's control (such as fire, floods, acts of God, vandalism, etc.), the Contractor will not be deemed to have breached this Contract and the time for the Contractor to complete the Work will be extended by such additional time as may be reasonably necessary for the Contractor to complete the Work.

8. Payment: The client is responsible for a down payment of no less than 33% unless otherwise agreed to in order to secure the agreement price. The aforementioned down payment is due at the time of the signature of this agreement, with the allowance of time to send a check through U.S. Postal mail. This contract may be voided if the deposit is not received in a timely manner, or otherwise subject to increased cost, re-bid, or cancelled project. Final payment is due at the time of inspection of the work which may be rendered by check or bank draft. Touch ups and/or punches are to be completed within a reasonable timeframe after inspection. Pearl Painting reserves the right to assess a 15% late fee if the final payment is not received within 15 days of the inspection of the project.

Time For Performance. The Contractor will complete the Services in accordance with the following schedule. You understand and agree that all dates are subject to change if you request any changes or additions to the Work. Completion date is subject to weather conditions.

Start Date:

Winter

Completion Date:

Winter

Payment Schedule. The Customer agrees to pay the Contractor the Total Payment specified below for the Services in accordance with the following schedule:

	Percent	Amount	Terms
