Subject: [EXTERNAL] Complaint 93547

To whom it may concern,

The Department is seeking information regarding the complaint below.

Please provide the Department with a written response. Your response will be used as part of an investigation to determine whether a violation of Minnesota law has occurred. Therefore, it is in your best interest to be as clear and detailed as possible in your response.

Please include the following documentation:

- A timeline summary breakdown of your activities beginning from the date it was reported to the present time
- Copies of all correspondence to and from the complainant and any relevant parties, including but not limited to estimates, partial/full denial letters, settlement letters, payment explanations, and status updates
- Policy information with pertinent areas highlighted
- A complete copy of the claim file notes
- Supplementary documentation gathered in your investigation i.e. police reports; statement transcripts; estimates; engineer reports; photos
- Any applicable Minnesota statutes which guided your handing of this matter
- A summary of options for resolution for the complainant
- Any additional documentation which clarifies your position in this matter

Please submit your response and any supporting documentation, via email attachment, and reference our file number. Your response must include the **direct phone number and email address** of the person responding to this inquiry. Your response should be made within 15 days from your receipt of this letter. **All documents should be in .PDF format.**

A copy of your response may be forwarded to the complainant. If you have any questions, please contact me.

To ensure that our records are correct, your response must include the full name of the involved company as well as its NAIC/License number.

Complaint Details

Other Problem Type Description

Detail of Complaint We are writing to seek your help on a hail damage claim (claim number 7007986837-1) with Farmers. Albeit evidence of obvious hail-damage, they denied the claim. We request a formal review of the claim denial, like you to contact Farmers to reconsider our claim, and help us figure out what next steps we can take given the evidence we have provided.

We have been working with Farmers since 8/13/2024 and Farmers did 3 inspections (on 8/29/2024, 9/6/2024, and 10/9/2024). Farmers hired PRIEVE ENGINEERING LLC to do the third inspection and used their report as the base to deny the claim. That report is attached with this complaint, it's named "17756 George Moran Report.pdf". There are 4 conclusions on page 7 of this report.

The following conclusions from above report are used to deny the claim.

- In their opinion, there is no hail in Eden Prairie after 2020.
  - o In the last paragraph on page 6 of above report, it says "Similar past estimated hail appears in a summary from the NOAA Storm Events Database with most recent hail in Eden Prairie reported in 2020"
  - o The first conclusion on page 7 of above report, it mentioned again that "Past storm data indicates a storm occurred on or around August 9, 2020 in the area"
- In their opinion, as stated in page 7 (conclusion 2), there is no newer damage after 2020: "It is our opinion that no other damage occurred to windows around the home due to hail …".

We don't agree with their conclusions:

- There have been several major storms since 2020 (details in attached doc)
- There are damages to areas where Farmers themselves agree were not present in 2020 (details in attached doc).

The windows are severely damaged by the hail. We have been a customer with Farmers for long time and always pay the premium of property insurance on time (there is an escort account with

mortgage for property tax and property insurance). We need your help to have Farmers to respect the facts and pay to replace all damaged windows and doors.
