Subd. 3.**Policy provisions.**

In case the insured and this company, except in case of total loss on buildings, shall fail to agree as to the actual cash value or the amount of loss, then, on the written demand of either, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within **20 days** of such demand. In case either fails to select an appraiser within the time provided, then a presiding judge of the district court of the county wherein the loss occurs may appoint such appraiser for such party upon application of the other party in writing by giving five days' notice thereof in writing to the party failing to appoint. The appraisers shall first select a competent and disinterested umpire; and failing for **15 days** to agree upon such umpire, then a presiding judge of the above mentioned court may appoint such an umpire upon application of party in writing by giving five days' notice thereof in writing to the other party. The appraisers shall then appraise the loss, stating separately actual value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire. An award in writing, so itemized, of any two when filed with this company shall determine the amount of actual value and loss. Each appraiser shall be paid by the selecting party, or the party for whom selected, and the expense of the appraisal and umpire shall be paid by the parties equally.

It shall be optional with this company to take all of the property at the agreed or appraised value, and also to repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving notice of its intention so to do within 30 days after the receipt of the proof of loss herein required.
