Hello,

I received your e-mail and have requested information from your contractor. As you recall I was able to get an extra-contractual extension approved on this claim through 02/15. Extensions such as that rare and are never guaranteed and I would have to say extensions on top of extensions are even more so. I am unable to ask for additional time without detailed information as to why the work was not able to be completed in the timeline provided by the contractor. I actually got an additional month added on to the end of that to account for any delays due to weather. I will keep you in the loop on what I hear back.

Please do not alter the subject line of this email so that it does not get misrouted when responding.
